WELCOME TO CLINCARD

Getting started with the leading participant payment platform!

ClinCard is proven to:

Improve participant engagement and retention

Eliminate manual workflows

Optimize site performance

Who is Greenphire?

Greenphire is the leading provider of global clinical trial payment automation technology. Greenphire's best-in-class solutions optimize clinical trial performance by streamlining and simplifying payment workflows - benefiting all stakeholders from sponsors and CROs to sites and participants.

What is ClinCard?

The ClinCard solution is designed to automate and streamline participant payments for clinical trials via a reloadable debit card and/or direct deposit, tied to an interactive web-based portal.

ClinCard is proven to increase engagement and retention by providing participants with real-time access to funds accompanied by text/email notifications regarding appointment reminders and payment status. ClinCard also reduces the administrative burden related to manual payment processes, allowing for site staff to register subjects and transfer funds to participants with the click of a button, giving back time to focus on research and patient care.

What do I need to know?

- You will receive training, reference materials and ClinCard reloadable prepaid (Mastercard) debit cards*
- All patient facing materials will be provided to the study team for submissions
- Visit schedule amounts are pre-populated in the system for each visit and/or allows for reimbursements (simply choose from a drop down)
- You will be provided with login credentials to the portal after receiving training or SIV
- The process to register a subject and make a payment is done in 3 simple steps
- Should you have any questions, support is available directly via the portal or by phone
- All funding for payments/reimbursements/travel is provided by the sponsor
- Funds are loaded onto a participant's card through the portal by a site coordinator and are available immediately

*Your site may not receive reloadable prepaid (Mastercard) debit cards, but rather pay participants via direct deposit

Greenphire is the leader in global clinical trial payment automation. Greenphire's best-in-class solutions optimize clinical trial performance by streamlining payment workflows from sponsors and CROs to sites and participants. Greenphire's ClinCard, eClinicalGPS and ConneX solutions easily handle any type of trial design and complexity, resulting in more accurate and compliant payments and travel globally for both sites and participants. The choice of industry leaders worldwide, Greenphire provides better performance and better data, resulting in better trials. Learn more at www.greenphire.com.
